

## VIP Bruselas

The VIP Bruselas seat is for arenas and VIP areas. It is a very comfortable chair. The ergonomic seat and backrest is upholstered which is made of fire resistant polyurethane foam block to ensure a high density and comfort.

### FRAME WORK

Metallic frames form the internal structure which are coated with polyurethane foam with ergonomic shapes. The seat is covered in Trevira upholstery or leatherette upholstery with a high outdoor durability.

Metallic lateral sides are made in a cold-formed profile of steel with an upholstery finish.

### SEAT & BACKS

The backrest shell in polypropylene copolymer assembles the chair and protects the upholstery.

The polyurethane armrests can be individual or shared. They are supplied in black colour as standard. Upholstered end sides are available.

	Color fading of fabrics (*)	
	Fading of numbering system color (*)	

(\*) Average dE < 5 according to CIElab parameters. Only for colors with high UV resistance.

**WARRANTY CONDITIONS AND EXCLUSIONS**

- In case of installation defects, when the installation is carried out by DAPLAST, the complaint must be communicated in writing, within 6 months from the signature/acceptance of the Formal Certificate of receipt of the Installation, according to the general conditions of sale.
- In case DAPLAST manages the transport, the customer shall be responsible for the general inspection of the product (package count, general condition of the packaging,...) at the reception. Any defects or serious faults that are evident on receipt, such as damaged boxes or loss of packages during transport, shall be reported to DAPLAST in writing, by means of observations on the delivery note and photographs as evidence within 48 hours of acceptance of delivery in accordance with the general terms and conditions of sale. If DAPLAST does not receive any such evidence within the aforementioned period, claims for transport damage shall be excluded from warranty claims.
- The customer shall be obliged to prove that the conditions for making a claim have occurred, in particular the defect itself, the time at which it was detected and the appropriate claim for defects.
- The warranty does not cover claims not submitted within the period and in the manner stipulated in these terms and conditions. Once the defect has been verified by DAPLAST, the defective product or component will be repaired or replaced with a comparable product or component. In the event that, instead of repair or replacement, DAPLAST and the customer agree on financial compensation, this shall be calculated on the basis of the extent/severity of the defect and the warranty period already passed.
- In the case of repair or replacement, the warranty shall cover only the cost of the product or component and/or service affected by the defects. All other costs are excluded from the scope of this warranty.
- DAPLAST is not liable for consequential, special, indirect or incidental damages arising from any product defect, and in no event shall DAPLAST's liability under this warranty exceed the amount of the original purchase price of the product or service provided.
- In the event of repair or replacement of the defective product or component, DAPLAST will not assume any liability for differences from the original shade, grain, weave or texture, within commercially acceptable standards, as determined by the manufacturer.
- The warranty on seat upholstery and fabric colour fading is conditional on the reference selected, which must be in accordance with the intended use and destination, as specified by the manufacturer.
- DAPLAST reserves the right to control the fulfilment of the warranty (including investigation, response time, labour and shipping).
- Damage caused by improper use and/or maintenance, vandalism, defects resulting from incorrect installation if carried out by the customer, application of chemical or corrosive substances on the product, damage caused by any type of force majeure or damage resulting from exposure to extreme environmental conditions during storage and/or use at destination are excluded.
- Claims associated with the product or installation of the product are excluded if the product is manipulated and/or modified by the customer without the control of DAPLAST.
- DAPLAST reserves the right to discontinue, modify or make changes to its products. If the products covered by this warranty are no longer available, DAPLAST has the right to replace them with products of equal quality and value.
